

MOLECULAR/MICROBIOLOGY TRAINING CALENDAR

2026

February

01	ISO/IEC 17025:2017 Implementation Course (5 days)		
	23rd - 27th February	Nairobi	Ksh. 125, 000.00

March

02	PCR (QPCR & RT-PCR) Theory, Operation and Troubleshooting (5 days)			
	9th - 13th March	Kisumu	Ksh. 125, 000.00	USD 1,200
03	Training on Preparation and distribution of Microbiological Proficiency Testing (PT) Samples (5Days)			
	16th- 20th March	Nairobi	Ksh. 195, 000.00	USD 1,500
04	Verification, Validation of methods and uncertainty Measurements in water and food microbiology Training (5days)			
	23rd- 27th March	Nairobi	Ksh.125, 000.00	USD 1,200

April

05	Service and Maintenance of molecular /Microbiology Laboratory equipment <i>{Microscopes, PCR machines, balances, Centrifuges, vortex mixers, incubators, spectrophotometers, hood, Autoclave, refrigerators and freezers}</i> Training (5 Days)		
	6th - 10th April	Nairobi	Ksh. 125, 000.00
06	Food Safety, Quality Control and Quality Assurance Training Workshop (3days)		
	15th- 17th April	Nairobi	Ksh. 90, 000.00
07	Hands-onMolecular Biology Techniques Training <i>{DNA/RNA Isolation and Purification, Gel Electrophoresis, Microarray Experiment, Molecular Cloning Techniques and Troubleshooting, DNASequencing}</i> (5 days)		
	20th- 24th April	Kisumu	Ksh.125, 000.00

May

08	Microbiology and Molecular biology laboratory safety practices and waste management (3 days)			
	13th- 15th May	Nairobi	Ksh. 90, 000.00	USD 850
09	Theory and practices in Scanning Electron Microscopy (SEM) and Microtechniques (10 days)			
	18th- 29th May	Nairobi	Ksh. 250, 000.00	USD 2,400
10	Training on Management of Biological Laboratory Samples, Biochemical Reagents and Certified Reference Materials (CRMs) (5 days)			
	25th- 29th May	Nairobi	Ksh. 125, 000.00	USD 1,200

June

11	Forensic serology and DNA analysis Laboratory Training (5 days)			
	8th- 12th June	Kisumu	Ksh. 125, 000.00	USD 1,200
12	Training on Method Verification, Validation and Measurement Uncertainty in Pharmaceutical Microbiology (3 Days)			
	17th- 19th June	Nairobi	Ksh. 90, 000.00	USD 850
13	Training on Next Generation Sequencing (NGS) Technologies and Broad Applications (5 days)			
	22nd - 26th June	Kisumu	Ksh. 125, 000.00	USD 1,200

July

14	Training on Enzyme-Linked Immunosorbent Assay (ELISA) Techniques (5 days)			
	20th- 24th July	Kisumu	Ksh. 125, 000.00	USD 1,200
15	Quantity Measurement Systems (QMS) in biological laboratories (Microbiology & Molecular Testing) (3 days)			
	28th- 31st July	Nairobi	Ksh. 90, 000.00	USD 850

August

16	Polymerase Chain Reaction (PCR) Training for microbial testing in food industry (5 days)			
	3rd- 7th August	Kisumu	Ksh. 125, 000.00	USD 1,200
17	Training on Strategic Leadership, Planning and Data-Driven in Laboratory Management (5 days)			
	10th- 14th August	Nairobi	Ksh. 125, 000.00	USD 1,200
18	Good Laboratory Practices (GLPs) for microbiology/ molecular biology laboratories (3 days)			
	26th- 28th August	Nairobi	Ksh. 90, 000.00	USD 850

September

19	Service and Maintenance of molecular / Microbiology laboratory equipment {Microscopes, PCR machines, balances , Centrifuges, vortex mixers, incubators, spectrophotometers, hood, Autoclave, refrigerators and freezers} Training (5days)		
	14th- 18th September	Nairobi	Ksh. 125, 000.00
20	Biosafety and Biosecurity for Microbiology / Molecular biology laboratory (3 days)		
	16th- 18th September	Nairobi	Ksh. 90, 000.00
21	Automation in microbial colony counting and data management Training (5 days)		
	21st- 25th September	Nairobi	Ksh. 125, 000.00

October

22	Comprehensive Training in CRISPR Gene Edition Technologies (5 days)			
	5th- 9th October	Nairobi	Ksh. 125, 000.00	USD 1,200
23	Laboratory Automation, Digitalization, and LIMS Implementation Training (5 days)			
	5th- 9th October	Nairobi	Ksh. 125, 000.00	USD 1,200

November

24	Hands-On Training on Bioinformatics and Genomics Data Analysis (5 days)			
	2nd - 6th November	Kisumu	Ksh. 125, 000.00	USD 1,200
25	Hands-On Training on Biology Techniques Training { DNA/RNA Isolation and Purification, Gel Elec Electrophoresis, Microarray Experiment, Molecular Cloning Techniques & Troubleshooting , DNA Sequencing} (5 DAYS)			
	16th- 20th November	Kisumu	Ksh. 125, 000.00	USD 1,200
26	HACCP Implementation and Food SafetyManagement Training Program (5 days)			
	25th- 27th November	Nairobi	Ksh. 125, 000.00	USD 1,200
27	PCR- Based Molecular Approaches for Plant Disease Diagnosis and Surveillance Training (5 days)			
	7th- 11th December	Kisumu	Ksh. 125, 000.00	USD 1,200

NB: ALL CHARGES ARE EXCLUSIVE OF TAXES

For Bookings, Reservations or more
